

# Q1 Do you agree that reducing waste going to the landfill is an important initiative for the Town of Bruderheim?

Answered: 87 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	93.10%	81
No	6.90%	6
TOTAL		87

#	COMMENTS:	DATE
1	Why don't they pilot their own project for composting? They have all the means to do it, just knowledge of how to do it. They could turn around and sell it back to the community for garden beds and such.	11/22/2022 8:53 AM
2	Yes but not the green bins that stuff disintegrates anyways.	11/19/2022 9:02 PM
3	Saves tax payer \$s at the landfill	11/18/2022 8:15 PM
4	until the fruit flies gather in your home, and the large bin/ tote is too big unless your doing hard work and adding grass clippings-which most just mulch into their lawns to feed the grass	11/18/2022 3:19 PM
5	Keep it up!	11/17/2022 12:29 PM
6	Compost does not go to the landfill	11/15/2022 7:37 PM
7	Organic waste is a non issue for the landfill. It breaks down quickly.	11/15/2022 4:43 PM
8	We are a small town. Our service bills and taxes are already high and people complain. And I don't feel enough people would benefit from this service, let alone want a higher utility bill for a service they won't use.	11/15/2022 3:47 PM
9	It must stay	11/14/2022 7:06 PM
10	Because it should be the initiative of the residents	11/14/2022 5:54 PM
11	I believe this is the right way to move forward	11/14/2022 3:58 PM
12	We barely had anything in the can for collecting was mostly grass that can be taken to the town compost pile	11/14/2022 3:37 PM

## Q2 Does your household compost using a backyard compost?

Answered: 87 Skipped: 0

ANSWER CHOICES	RESPONSES
Yes	19.54% 17
No	80.46% 70
<b>TOTAL</b>	<b>87</b>

#	COMMENTS:	DATE
1	I use to all the time, I had an area set up by my garden. But moving here I have no garden or room to do it.	11/22/2022 8:53 AM
2	We take our grass clipping to town's compost pile.	11/19/2022 6:36 AM
3	in too the garden	11/18/2022 3:19 PM
4	Grass clippings were the only thing we used the bin for but we can easy continue using the pile north of the campground.	11/15/2022 3:47 PM
5	quit using it when compost pickup started	11/15/2022 11:11 AM
6	We do compost but there is limited space to use these products.	11/14/2022 3:58 PM
7	The town has a compost pile	11/14/2022 3:37 PM

## Q3 How satisfied were you with Bruderheim's Organic Waste Collection Pilot?

#	COMMENTS:	DATE
1	Great to have this service instead of throwing it away.	11/23/2022 6:06 PM
2	Loved this service	11/23/2022 6:02 PM
3	The bins were pretty big for just the little bit I had. I put mine in a bucket, then into a brown bag to put in containers. I miss putting my bins out all the time.	11/22/2022 8:53 AM
4	This is a great program for sure.	11/20/2022 10:17 PM
5	Tried it and found bin needed to be cleaned and offensive odors during week. Stopped using it.	11/19/2022 6:36 AM
6	At times one container is not enough	11/18/2022 8:15 PM
7	I love this program especially since we are allowed to use compostable bags (we weren't allowed to use them in Edmonton) because I'm disabled and I can't keep up with cleaning the bin but I love composting.	11/18/2022 7:09 PM
8	I felt it was not needed....	11/18/2022 6:38 PM
9	hated no counter bins and having to buy compostable bags for it, I still need proof that the recycle compost depo is actually a working thing. Especially after hearing about regular recycle being shipped to an island in haitii as per the trudeau government and having to pay to ship the cars back. After talking to a garbage guy with edmonton waste management the recycle plant burned down and the compost center only takes a certain percentage of compostables- so we need to know this IS viable otherwise it's just more landfill with a crarbon price and un needed cost to those that use it.	11/18/2022 3:19 PM

## Bruderheim Organic Waste Pilot Survey

10	Mini bins for the house would be great	11/18/2022 11:53 AM
11	It's a program that was a great addition and would like to see it kept up.	11/18/2022 11:09 AM
12	As long as the bins all stay the same size. If after the pilot program they want to give us smaller garbage and organic bins my household will not find it successful at all	11/18/2022 11:09 AM
13	I never used it. I have my own compost in my yard	11/18/2022 10:13 AM
14	Noticeably less going to the landfill.	11/17/2022 12:29 PM
15	This could have been moved to every two weeks as we didn't produce enough compost to allow a truck to pick up every week.	11/15/2022 6:56 PM
16	Wish it would have lasted till at least the pumpkins got picked up but also there is the daily house hold waist that still needs collecting	11/15/2022 4:55 PM
17	We have a compost site plus single family homes could do their own composting. I just don't see the point of another bin to deal with.	11/15/2022 4:43 PM
18	It was a great program!	11/15/2022 4:34 PM
19	Communication is poor about the program ( pickups in the beginning, what is acceptable for the bin)	11/15/2022 3:47 PM
20	Great service	11/14/2022 3:58 PM
21	Waste of time	11/14/2022 3:37 PM
22	Wish it came with a bucket with lid for in the house to put scrapes into.	11/14/2022 1:32 PM

## Q4 What did you like best about the pilot program?

Answered: 79 Skipped: 8

#	RESPONSES	DATE
1	Being able to compost and not have to put all that food waste into the black bins.	11/25/2022 7:08 PM
2	It was free	11/25/2022 1:34 PM
3	Loved the option to make a difference. It is also decreases the amount to the landfill. It also is the ease to take it out with the trash.	11/23/2022 6:06 PM
4	Not having to go anywhere else to take out organic materials.	11/23/2022 6:02 PM
5	Did not use it.	11/23/2022 6:00 PM
6	It was free for residents to give it a try	11/23/2022 2:18 PM
7	Not sure about the program	11/22/2022 8:20 PM
8	It makes for extra room in our black bin	11/22/2022 9:13 AM
9	The less waste in the landfill the better	11/22/2022 8:56 AM
10	NOTHING.....oh the bins were free? or did/will it increase extra on the water bills? If so, just more money out of the pocket again.	11/22/2022 8:53 AM
11	The bins are amazing for yard waste and for people who do not have a way to haul it away.	11/22/2022 8:33 AM
12	Added way to sort garbage	11/22/2022 8:24 AM
13	Somewhere to put the grass that's bagged and flower garden dead stuff is nice. And the carts are picked up weekly so not sitting to long to get too gross.	11/21/2022 11:07 PM
14	Once a week pick up was perfect. This program reduced our actual garbage by 75%.	11/20/2022 10:17 PM
15	It was free and convenient	11/20/2022 9:00 PM
16	Less garbage bag usage	11/20/2022 12:07 AM
17	Nothing it was a extra bin we had no room for.	11/19/2022 9:02 PM
18	Allowed us to remove larger compost and only hang on to what we can use in our garden	11/19/2022 7:38 PM
19	That there was no additional cost to our already high utility bills	11/19/2022 9:34 AM
20	That it came weekly	11/19/2022 8:18 AM
21	I didn't	11/19/2022 6:36 AM
22	No added cost ei hauling to land fill	11/18/2022 8:15 PM
23	Knowing I could keep stuff out of the landfill was awesome!x	11/18/2022 7:53 PM
24	Removing the grass clippings made my lawn look better.	11/18/2022 7:25 PM
25	Weekly collection and ability to use (compostable)bags.	11/18/2022 7:09 PM
26	Nothing.... Thought useless.... Bin was too huge .. I don't know how a senior is supposed to use .. same with regular garbage bins ..	11/18/2022 6:38 PM
27	Less garbage, separate items that decomposed from the other items. Less smells floating around.	11/18/2022 5:59 PM
28	NOT the flies!	11/18/2022 3:19 PM
29	It help prevent garbage can from over filling	11/18/2022 2:12 PM
30	We were reducing waste	11/18/2022 1:22 PM

## Bruderheim Organic Waste Pilot Survey

31	Moved here from fort sask, easy to have same practice for waste management	11/18/2022 11:53 AM
32	Convenient	11/18/2022 11:09 AM
33	The large size of bins	11/18/2022 11:09 AM
34	The opportunity to separate compostable items from garbage. Being able to put grass clipping in the green bin. It's simply a great program. Put it back in place.	11/18/2022 10:19 AM
35	Another option to reduce waste. Found it extremely useful for yard trimmings, etc.	11/18/2022 10:13 AM
36	Diverting items from the landfill	11/18/2022 8:38 AM
37	I can compost items through the town I wouldn't put in my own compost bin	11/17/2022 10:03 PM
38	Town picking up compost	11/17/2022 10:01 PM
39	Convenient	11/17/2022 7:13 PM
40	Less in the landfill.	11/17/2022 12:29 PM
41	It didn't make a difference for our household	11/17/2022 10:51 AM
42	Food waste going to compost and not regular garbage	11/16/2022 6:23 PM
43	Weekly pickup was great	11/16/2022 4:16 PM
44	Not having to haul grass clippings	11/16/2022 1:17 PM
45	I like the idea of compost I used it and cut down my regular garbage alot, I recycle everything so my garbage cut down to make 2 small bags a week.	11/16/2022 12:43 PM
46	Not having to haul lawn trimmings and reducing the amount of household waste.	11/16/2022 11:39 AM
47	No food waste going to the landfill	11/16/2022 8:18 AM
48	Separating organic waste from the garbage just makes sense, I really hope this program comes back full time	11/16/2022 7:55 AM
49	Simple	11/16/2022 12:12 AM
50	Excellent program. Less garbage, also protecting the environment.	11/15/2022 11:50 PM
51	Having compost is fantastic!!!! It drastically reduced my household garbage and as an avid gardener, it was easier to clean up my plants.	11/15/2022 8:12 PM
52	That they removed the bigger compost items that wouldn't fit in my bin	11/15/2022 7:59 PM
53	Useless	11/15/2022 7:37 PM
54	It was free and helped us reduce our garbage	11/15/2022 7:10 PM
55	I want to be better to the environment	11/15/2022 6:56 PM
56	My garbage bin wasn't as full	11/15/2022 5:45 PM
57	Nothing	11/15/2022 5:33 PM
58	Got rid of my yard waist	11/15/2022 4:55 PM
59	Umm, nothing really.	11/15/2022 4:43 PM
60	I like that it was pickup similar to garbage. The pickup was easy and the program was laid out clearly.	11/15/2022 4:34 PM
61	Was handy for small organic waste.	11/15/2022 4:24 PM
62	Weekly pickup	11/15/2022 4:22 PM
63	Didn't need to take my garden waste to town compost	11/15/2022 3:55 PM
64	Being able to place grass cutting into the bin for pickup instead transporting it to the organic waste area north of the campground.	11/15/2022 3:47 PM

## Bruderheim Organic Waste Pilot Survey

65	How it reduced how much garbage I had.	11/15/2022 3:40 PM
66	How much waste was reverted from the landfill.	11/15/2022 3:31 PM
67	Nothing, don't need it	11/15/2022 3:12 PM
68	Nothing	11/15/2022 3:07 PM
69	I didn't like it	11/15/2022 2:58 PM
70	Reduced my garbage waste lives that they took away clippings etc It encouraged me to compost	11/15/2022 2:49 PM
71	I liked that our food waste and compostable paper could be used beneficially instead of going to the landfill. Reducing waste to the landfill reduces the costs the town has to pay.	11/14/2022 7:06 PM
72	Having an oportunity to make a difference	11/14/2022 7:05 PM
73	N/A	11/14/2022 5:54 PM
74	No additional cost- door to door service	11/14/2022 3:58 PM
75	Got a new bin that had waste in it when we first got it	11/14/2022 3:37 PM
76	I was able to clean my yard up regularly. Make it look more appealing and not have to take as many trips to the compost area. As I don't have a vehicle to do that now.	11/14/2022 3:29 PM
77	nothing	11/14/2022 1:57 PM
78	The weekly pick up	11/14/2022 1:32 PM
79	Not having to go to town compost for lawn clippings and yard waste most of the time	11/14/2022 1:01 PM

## Q5 What do you think could be improved about the pilot program?

Answered: 77 Skipped: 10

#	RESPONSES	DATE
1	Run it for a longer period. I wasn't aware when the last day of collection was and missed it. I have a full bin. I guess I'll have to find out where to dump it.	11/25/2022 7:08 PM
2	Sometimes bin wasn't picked up even tho it was visible so more driver awareness	11/25/2022 1:34 PM
3	Maybe don't need to collect as often to save costs	11/25/2022 7:54 AM
4	We should have the program all year long maybe every 2-3 weeks	11/23/2022 6:06 PM
5	All year round, but less often pick up in winter months as you should have less organic waste.	11/23/2022 6:02 PM
6	Get compost bins for back yards. This equals one less pick up day and one less truck for pick up. Less carbon emissions. But who listens to old guys.	11/23/2022 6:00 PM
7	Not sure	11/23/2022 2:18 PM
8	Nil	11/22/2022 8:20 PM
9	Continue it	11/22/2022 9:13 AM
10	I don't think organic waste needs to be picked up every week. Every other week or once a month would suffice	11/22/2022 8:56 AM
11	Start your own compost right here in Bruderheim and make some money back from it.....however, charging a ridiculous amount is not the goal. Keep it in the community!!	11/22/2022 8:53 AM
12	The collection day could be the same day as garbage/recycling	11/22/2022 8:33 AM
13	Same day pick up as garage day	11/22/2022 8:24 AM
14	Not sure	11/21/2022 11:07 PM
15	Additional promotion and advertising to increase participation.	11/20/2022 10:17 PM
16	It was great. My household didn't need it weekly...biweekly would have worked for us. But if they took bags of leaves in the fall, that would be helpful too!	11/20/2022 9:00 PM
17	Don't need that big of a bin. I would like to keep it for garbage though.	11/20/2022 12:07 AM
18	Give people an option on whether or not they want it.	11/19/2022 9:02 PM
19	Have it during the winter at a reduced pickup. Once every two weeks.	11/19/2022 7:38 PM
20	Nothing	11/19/2022 8:18 AM
21	Don't know	11/19/2022 6:36 AM
22	more containers . more frequent pickup . content start to smell in warmer weather.	11/18/2022 8:15 PM
23	Liked it just the way it was	11/18/2022 7:53 PM
24	2 bins supplied for a double lot.	11/18/2022 7:25 PM
25	Providing small bins to be used to empty into the large bins.	11/18/2022 7:09 PM
26	Get rid of it!!!!	11/18/2022 6:38 PM
27	I am happy	11/18/2022 5:59 PM
28	it should be free or pay me to live with all the fruit flies	11/18/2022 3:19 PM
29	Bags or liner for in bins so they don't stink and easier to clean up	11/18/2022 2:12 PM
30	Leave it permanently	11/18/2022 1:22 PM

## Bruderheim Organic Waste Pilot Survey

31	Having mini bins in the house to take out to the large bin outside / not sure if that was previously provided (we moved here a few months ago)	11/18/2022 11:53 AM
32	Nothing. Just keep it going.	11/18/2022 11:09 AM
33	No improvements needed keep it exactly as is bin size was great pick up schedules worked awesome. Maybe a pick up once in a while through the winter would be good though.	11/18/2022 11:09 AM
34	Keep it going	11/18/2022 10:19 AM
35	Was happy with the program overall.	11/18/2022 10:13 AM
36	Frequency	11/18/2022 8:38 AM
37	Nothing	11/17/2022 7:13 PM
38	All good.	11/17/2022 12:29 PM
39	Na	11/17/2022 10:51 AM
40	Supply food waste bags and or a place that we can go and wash out our organic waste bins	11/16/2022 6:23 PM
41	Accepting larger items like sod	11/16/2022 4:16 PM
42	Different pick up day.	11/16/2022 1:17 PM
43	I think if it were to continue I would do collection once a month in winter, and every second week in summers	11/16/2022 12:43 PM
44	Have it run bi weekly in the winter to continue the compost. Also have an opportunity for locals to purchase composted soil in the spring.	11/16/2022 11:39 AM
45	I'm satisfied	11/16/2022 8:18 AM
46	Nothing it was great, wish it hadn't stopped	11/16/2022 7:55 AM
47	Not sure.	11/16/2022 12:12 AM
48	All good. Just please bring the program back permanently.	11/15/2022 11:50 PM
49	Giving a little house bin would encourage more people to compost. Keeping compost indefinitely.	11/15/2022 8:12 PM
50	N/A	11/15/2022 7:59 PM
51	Nothing, we also have a compost yard in town	11/15/2022 7:37 PM
52	The bin was very large, most towns have smaller ones.	11/15/2022 7:10 PM
53	Pick up could be every two weeks	11/15/2022 6:56 PM
54	Notice of the pilot program ending would have been nice	11/15/2022 5:45 PM
55	Not sure	11/15/2022 5:33 PM
56	It should run year round to deal with the house hold waist	11/15/2022 4:55 PM
57	Maybe collecting on garbage day...	11/15/2022 4:43 PM
58	More marketing so more people would do it ! Such a good program.	11/15/2022 4:34 PM
59	Even though this was a useful tool for managing waste I found that the compost dump was completely ignored by the town and became useless for dropping off large waste like tree limbs etc.	11/15/2022 4:24 PM
60	More info on future potential costs.	11/15/2022 4:22 PM
61	Provide small organic bins for the household, provide a magnet for the fridge on what acceptable. Better communication!!!	11/15/2022 3:47 PM
62	Better communication and clarity on what can and can't go in the bin. For example, pet waste. There has been conflicting information on if you can or not and how much.	11/15/2022 3:40 PM
63	I'm satisfied with the program	11/15/2022 3:31 PM

## Bruderheim Organic Waste Pilot Survey

64	Nothing. Garbage and recycles vacuole be picked up once every 2 weeks to instead of once a week. Save money.	11/15/2022 3:12 PM
65	Don't need it	11/15/2022 3:07 PM
66	Cancel it	11/15/2022 2:58 PM
67	I thought it was great and very disappointed when it ended	11/15/2022 2:49 PM
68	have it year round, could reduce pickup to once a month in winter months	11/15/2022 11:11 AM
69	smaller can for pick up	11/14/2022 7:37 PM
70	Organic containers for each household. Pick up in summer once per week and in the winter every two or three weeks	11/14/2022 7:06 PM
71	Education of residents in multiple media sources to get the message out.. repeatmessage many times. That a pfogram like this can save our town on garbage costs	11/14/2022 7:05 PM
72	Would have been nice to have it in November- however, we understand as the weather changes so quickly	11/14/2022 3:58 PM
73	Have collected the same day as the rest of the garbage	11/14/2022 3:37 PM
74	Nothing	11/14/2022 3:29 PM
75	The landfill that the compost was taken to could actually put it out to decompose instead of just tossing it in with the rest of the household trash.	11/14/2022 1:57 PM
76	A small bucket with lid for inside the house to collect the scrapes	11/14/2022 1:32 PM
77	Nothing comes to mind	11/14/2022 1:01 PM

## Q6 Do you support the implementation of an Organics Waste Collection program in Bruderheim?

Answered: 87 Skipped: 0

ANSWER CHOICES	RESPONSES
I support an Organics Waste Collection program in Bruderheim	75.86% 66
I do not support an Organics Waste Collection program in Bruderheim	24.14% 21
<b>TOTAL</b>	<b>87</b>

#	COMMENTS:	DATE
1	it;s a nuisance for the little I have. If you set up your own bins on each block, when I go check the mail, I would take my compost bag and drop it off in the bin provided down the block. As appose to putting 1 bag in a great big bin and having the truck go all over town picking them up. He would only have 20 bins or so to collect, and take it right to our compost.....BUT I hear most of it doesn't really make it to a compost bc it's not sorted properly. SO where did this compost go and who benefitted from it? This question everyone asks.	11/22/2022 8:53 AM
2	So long as it won't cost too much more to do.	11/21/2022 11:07 PM
3	Great initiative for sure! Just makes perfect sense!! And reduces landfill usage too!	11/20/2022 10:17 PM
4	It's fine as long as people don't get too high and mighty about it. Start sifting through neighbors garbage and reporting non composting. It's a slippery slope. If it's offered,good. The people that want to use it, will use it. If it's mandated as something mandatory it becomes a pain in everyone's ass and hero's will be complaining about the guy next door. Depending what it costs to run this composting program perhaps we can look at a little more snowplowing instead, considering half this town becomes a snow drift every winter.	11/20/2022 12:07 AM
5	The more that our waste can be used will alleviate the amount in the landfill!	11/19/2022 7:38 PM
6	Only if there is no extra cost to to resident .	11/18/2022 8:15 PM
7	How much additional will it cost on our monthly bills	11/18/2022 7:53 PM
8	if it's in bruderheim then maybe	11/18/2022 3:19 PM
9	Thank you	11/18/2022 1:22 PM
10	Again as long as all the bins stay the same size I support it. I will not support a program that shrinks all our bins sizes like in fort Saskatchewan	11/18/2022 11:09 AM
11	Can't think of anyone who would not support it	11/17/2022 12:29 PM

## Bruderheim Organic Waste Pilot Survey

12	Yes!!	11/16/2022 7:55 AM
13	Thank you	11/15/2022 11:50 PM
14	I love having a green bin. I want compost all of the time. Please bring back composting, even biweekly over winter would be awesome since it would freeze you wouldn't have to worry about smell and pests.	11/15/2022 8:12 PM
15	It really depends on cost too. I pay extra to have two bins, so if I can go down to one bin it could save me money.	11/15/2022 7:10 PM
16	With inflation I cannot condone a price increase for this service	11/15/2022 6:56 PM
17	Just don't see the need. And it will cost extra someday.	11/15/2022 4:43 PM
18	Please indicate future cost increase when the program is implemented. It states that the pilot was free but no where for it state what this will cost residents going forward	11/15/2022 4:22 PM
19	Would like to know the cost of this if it is continued.	11/15/2022 3:55 PM
20	I dont want to see additional charge on the service bill that would rarely get used. And not at a capacity expected.	11/15/2022 3:47 PM
21	Cut back garbage pickup. Public works needs a boss who has a clue.	11/15/2022 3:12 PM
22	Since the landfill use would be costing less, I think residents garbage costs should go down and then have a reasonable cost for organics	11/14/2022 7:06 PM
23	Depends on cost how far support will go.. need to know what it will cost(total per month)...before I agree to fully endorsing this program..	11/14/2022 7:05 PM
24	I have ways of using most of my organic waste or drop off leaves and grass at the collection site in town.	11/14/2022 5:54 PM
25	It would be interesting to see how much less waste was put into the landfill because of a composting program.	11/14/2022 3:29 PM
